Student Life In Action

*A quiet period of concentration . . .
a tense moment before
receiving a test . . . a quick
“hello” in the corridors while
changing classes . . . the
exultation in a victory . . .
the despair in a defeat—these
were the actions and
reactions of the students.
Their days were filled with all
emotions—delight in an
“A” . . . fear of failure . . . hope
for understanding—they lived
active lives in active
surroundings. They were always
on the “go”—to classes or
to meetings, to games or
on field trips. Student life
ranged from active
participation to the anxious
observation in support.
This was Warwick’s student life.*

Action Is Exhibited in All Facets of Student Life

Students received a well-rounded education at Warwick this year, from "Phys Ed" to history, from English to geometry, from speech to selling. Yet in each active day, the students thought of the one thing they all had in common—FUN! Eating was an important facet of student life . . . the senior lunch line . . . the table with friends . . . new chairs! Those cafeteria "specials" also caused pain to the many students who knew that "McDonalds" was within walking distance!

But life went on at Warwick; and although classes had established times, no day was routine. There were pep rallies and assemblies, and with luck, a teachers' meeting every month or so. There were class elections and meetings; the juniors prepared for the Prom and the seniors prepared for Graduation.

Making the marks in Warwick's history were the underclassmen, who united their respective classes through dances and other projects. Yet in the midst of these extra-curricular activities, there was knowledge to be learned—knowledge that was to last a lifetime.

Students Actively Participate In Sports and Organizations

There were many facets to student life at Warwick this year—understanding, cooperation, pride, hope. Their sum was school spirit and it encompassed all. Whether a student was on the field or in the stands, whether he was a club or class officer or a member, or whether he decorated for an activity or supported it by attending, he was part of the action.

There was spirit in the classroom . . . discussions in which each student gave his individual ideas . . . lectures to satisfy the desire for knowledge . . . films that related the experiences of others. The students strove to learn; and at the year's end, there were faces lit with knowledge—the students accepted the challenge to learn with determination.

But student life had other sides. Sports proved to be another outlet for school spirit, and it was enthusiastically supported. The victorious football and basketball seasons were attributed to the overwhelming school pride . . . battle cries . . . coaching . . . determination. All phases of student life at Warwick were attributed to the support and determination of the active members of the clubs, organizations, and sports. This was Warwick's student life for 1967.

Student-Faculty Cooperation Increases Farmer Activity

Action at Warwick began the moment the students arrived on the school grounds. Before the bell rang, there were groups gathering in the cafeteria, Congress meetings in the boys' gym, understanding teachers counseling students, and casual conversations in the halls. The atmosphere between students and faculty at Warwick was casual and informal; the students were more independent and at ease. For these reasons, the student life was exciting.

Every student participated in the action . . . football games, giving rousing cheers of support . . . basketball games, quietly observing the sport of coordination . . . assemblies, patiently watching each activity . . . club meetings, contributing original ideas. There was also action in classes, where every student was an individual; discussion was fun, and tests were challenging.

Even after the 3:35 bell, the activities went on . . . clubs . . . cheering practice . . . band practice . . . play rehearsals and try-outs. These were the activities, trials and successes of a student body, proud to be "Farmers" and glad to be part of the exuberating, exciting action that is Warwick High School.

Arlene,
See you next year at
Warwick.

Faculty In Action

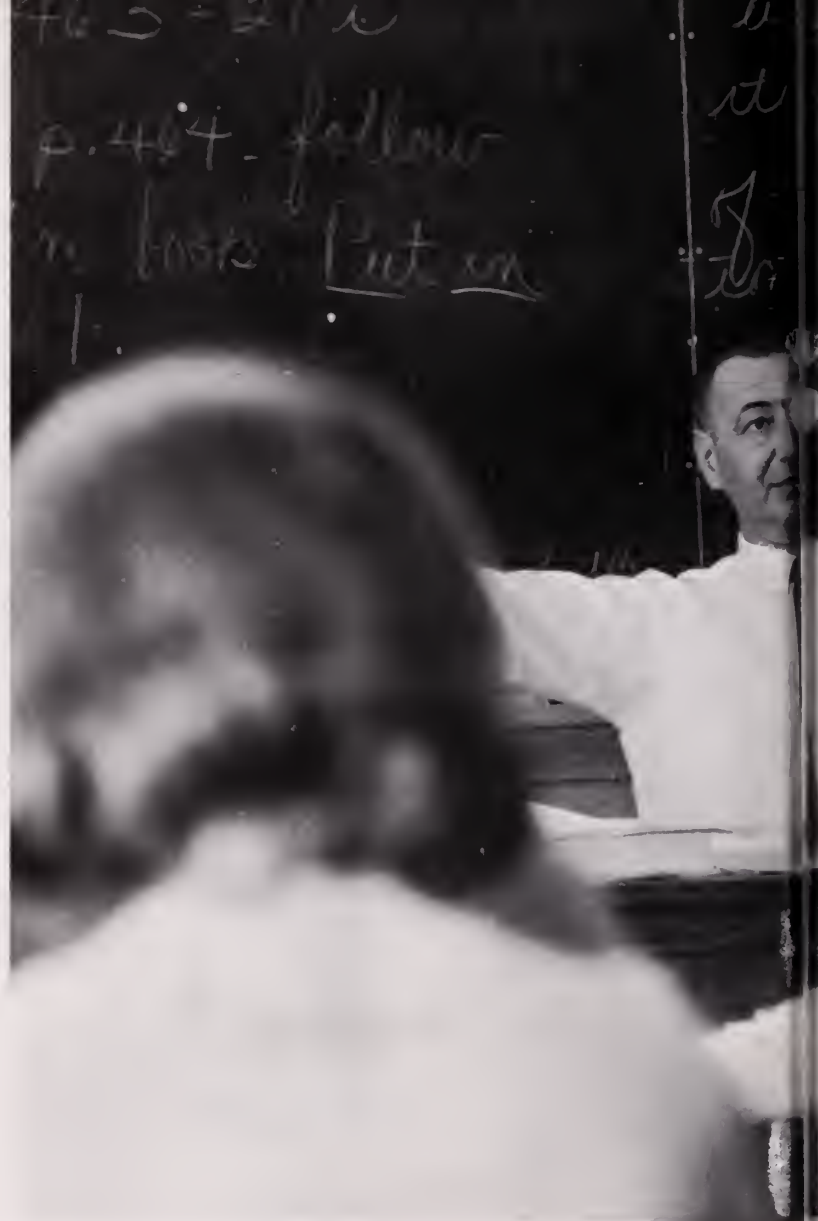

Without its faculty Warwick High School could not have existed; it could not have been the institution of learning that it was. Teachers were criticized and overworked, but were the makers of the future. They prepared youth for tomorrow, which was a lengthy, time-consuming process. It was a job which entailed patience, understanding, discipline, and, perhaps most important, a "funny bone". Because of these and their constant exposure to youth, teachers thought young and were usually at the heart of the action. Through their sponsorship of clubs and committees and their support for the team, the faculty was unified with the student body.

Mr. Hayes Given Dedication For Interest in Student Body

"Where The Action Is" was a meaningful, yet fulfilling way of describing the life of Warwick High School. While each of us, the students, was encompassed by this way of life, there was a devoted member of the faculty who remained at the heart of the many activities at Warwick. This person, who has a life centered around Warwick, was devoted in many ways—first, as a history and government teacher, instilling his students with a knowledge of the past, second, as a faithful supporter, collecting tickets at both football and basketball games, while silently watching the makings of victory and defeat.

This sincere person was admired and trusted by all who knew and worked with him. When he was either leading a class discussion or conversing at any of the school games, his character was known by the spirit he showed.

He was always willing to give his side of an argument and listen to a student's pet peeve. Warwick's action vibrated around him. It is because of his devotion to our school and his faithful support that the annual staff proudly dedicates the 1967 *Warwick* to Mr. William P. Hayes.

Principals Advise and Lead The Students and Teachers

This year Warwick greeted a familiar face in a new position. Mr. James Starboard, Jr. returned to Warwick last August as its new administration head. Although he was graduated from Newport News High School, he became a full fledged Farmer in our first pep assembly. Having taught at Warwick several years ago, Mr. Starboard found the fast-paced life here not entirely new, but through a new light. Mr. Starboard replaced Mr. John M. Caywood, our principal of two years; but his "principality" at Warwick was his second such position. He had also taught at South Morrison Elementary and was principal there for two years before coming to Warwick. Assisting the new principal were Mr. William Formichelli and Miss Ellena Armistead, formerly a teacher at Newport News High School. Mr. Formichelli had been at Warwick for many years, while Miss Armistead completed her second year. With their experience, Mr. Starboard was able to resolve the many anxieties of students and to quickly establish a pleasant atmosphere of congeniality between students and faculty. Action, by both the students and the principals, was Warwick's key to success.

Office Staff Keeps School Business Running Smoothly

The task of keeping a school of approximately 1700 in reasonable order was a duty of the reliable office staff this year.

The too-often hectic business of the day was carried out with the experience and know-how of the competent staff. Remaining calm through all crises, Mrs. Illa Hamlett made sure that all money matters, including insurance, were safely put away. Mrs. Dedmond was responsible for the entries into the daily bulletin, the counter, and the phone. Perhaps this was why the phone was always busy! Another busy person in the office was Mrs. Burton, who saw that all student transcripts were sent to colleges and to places of business where students and graduates sought employment.

Mrs. Leviner was a friend of every student purely because she was Mr. Starboard's personal Secretary!

This was Warwick's office staff for 1966-67; and to whom, Warwick owes for its successful year.

Guidance Officials Advise Students About the Future

The year 66-67 brought much action to Warwick's expert Guidance Department. The problems of changing schedules, PSAT's, and College Boards were again tackled by the staff with the efficiency so well known to Warwick students.

Each class was given an individual counselor to assist it during the academic year. Under the skillful guidance of Mrs. Palmer, many seniors were helped with the frustrating problems of which college to attend or which career to pursue. Mrs. Muire competently supervised juniors with College Boards. Sophomores were counseled by Mrs. Quesenberry; and Mrs. Parker and Miss MacJunkin aided ninth graders. Confused eighth graders learned that their best friend was their guidance counselor, Mrs. Baker.

Through the experienced guidance staff, each student was considered individually and could be given advice on almost any phase of school or home life. Because of their personal interests in each student, the Guidance Department can be attributed with much of Warwick's success.

Valuable Services Are Performed By Custodians

Everyday the action at Warwick started long before the students arrived at school. The cafeteria staff, headed by Mrs. Barnard, was already busily preparing food for the students and faculty, who would stampede the cafeteria at the first sound of the lunch bell. The staff not only prepared meals but also, on occasions, added a sparkle to lunchtime with miniature cupcakes with various colors of frosting and small trinkets coinciding with the time of year.

Whenever there was a problem with a jammed locker or a broken pencil sharpener, up went the cry for a custodian. Every day the patient, able-bodied janitorial staff received complaints from teachers suffering from broken windows to burned-out lights! Also under the title of janitorial staff came the trusty cleaners who were responsible for cleaning the rooms and corridors after each school day.

It seemed that the custodian and janitorial staffs' work was never done; but with their aid Warwick's year was a good one.

The 1966-67 Custodian Staff are, *row 1*: Nanny Williams, Annie Griffin, Hattie Heart, Louise Harris, and John White. *row 2*: Anne Southerland, Roxanna Pittman, Ethelyne Wilkins, Juanita Mayenor, Walter William, Broadus Archer, and Meyers Addison. *row 3*: Alma East, Mary McMillan, Nelson Smith, Theodore Banks, and Larry Brown.

Members of this year's Cafeteria Staff include *row 1*: Leola Monroe, Sally Green, Rosetta Anderson, Thelma Reynolds, Mae Douis, Mrs. Barnard. *row 2*: Jacob Hucks, Margaret McNair, Doris Stancil, Doris

Bryant, Florence Washington, Margestine Jozuer, Ethel Wesson, Doma Chappell.

Academics In Action

Through the various courses of study at Warwick, the student was enriched with a lasting knowledge of life. Through the study of English, he gained an understanding of his own language, and through the study of a foreign language, he learned the tongue of another. A student learned of his country and government and other countries in social studies, while mathematics solved the problems of the world through an equation. The Science Department taught the student of the life about him; and the Home Ec Department taught him how to maintain this life.

Taylor, Callahan Try Swap Of Senior English Classes

"Next six weeks Mrs. Taylor's second and third period classes are switching with Miss Callahan's classes!" These were the words of many seniors during the first six weeks of school. At the end of this switch, however, the seniors found this exchange beneficial.

Mrs. Blanche Taylor was again in charge of the English Department. Many improvements were brought to the English Department this year including the revision of the tenth grade course of study. Seniors concentrated mostly on composition, vocabulary building, literature and a brief reading improvement program. They had a slight review of grammar while underclassmen concentrated equally on grammar and literature.

New teachers in the English Department were Mrs. McCallum, Mrs. Burch, Mrs. Smith who taught through December at Warwick, and Miss Hunter who was previously in the Science Department.

With a more specialized study in the English classes, students gained a good foundation of the English language along with countless memories that will benefit them in the years to come.

Social Studies Department Instills Country's Heritage

Whether it was the conflict in Viet Nam, the Gemini experiments, or the rising cost of living, the students in the Social Studies classes were right in the midst of the action. With the heated debates over the government and elections, Col. Luck, department head, paved the way for the rest of the department. Through the use of documentary films, students were able to see history in the making. But these news events were only a small part of the required curriculum. The history of the United States as well as that of the world was studied by eighth, ninth, tenth, and eleventh graders; while the study of government was reserved for seniors alone. New to the department this year were teachers, Mrs. Virginia Raine and Mr. John Tudor.

In another division of the department were the Sociology and Economics classes, taught by Mrs. Ann Smola and Mrs. Barbara Erikson, respectively. These courses emphasized a more personal side of history and of how the individual is affected by his environment; they also stressed the individual's role in maintaining a stable economy. These classes were of great significance to many students at Warwick.

A First in WHS History, Girls Take Math Analysis

A good description of this year's Math Department was active. For the first time in Warwick's history, girls actually enrolled in the Senior Math Analysis class! To add to this wonder, twenty brave students ventured into Mr. Drummond's advanced class of Trigonometry but were unsure how long their stay would be!

With two additions to the Math Department, Mrs. Peggy Johnson and Miss Mary McClenny, Warwick's veteran math teachers teamed together to make the year a success for the department. Students learned the basic fundamentals of mathematics while they were taught to evaluate the facts in a given situation and to arrive at a firm conclusion through logical reasoning. There were the department's primary goals, and through the studies of Algebra I, Geometry, Algebra II, and Consumer Math, the students were finally able to comprehend and apply these useful facts. Also, the advanced courses of Algebra III and Math Analysis offered much challenge to students in this active department.

QPS Course, Science Fair Bring Bright Science Year

"Ugh! This stuff smells like rancid butter!" These words were quite common in the science laboratory this year. Much effort was spent to expand the laboratory program in order to give the student the actual experience in laboratory work.

The Science Department placed more emphasis on laboratory and individual project work. To boost student interest in science, a science fair was given to show the students' work. Later, a few of these projects went to the regional science fair.

A new course for ninth graders was offered this year entitled "Quantitative Physical Science". Approximately one-third of the ninth graders were in this experimental course taught by Mr. Leslie Howell. In this course, eighty to ninety per cent of the time was spent doing laboratory work.

Qualitative Analysis was extended into a full year course. Seven seniors braved the course which involved many hours of complicated tests for unknown substances.

Miss Frances Heath, new to Warwick this year, taught Introductory Biology. Returning to Warwick was Mrs. Susan Isner who taught Introductory Chemistry and Introductory Physics.

Language Lab Aids In Learning Of Foreign Tongues

At the end of this year, the words *au revoir*, *auf wiedersehen*, and *adios* rang through the halls of Warwick High. They were spoken by the more than 500 students who took either French, German, or Spanish. Many students studied the very much alive language of Latin under the guidance of Miss Hundley. The study of Latin primarily emphasized the analysis of the language and the classic heritage of Latin as it has influenced modern language and thought.

The courses of French, Spanish, and German continued to orient the beginning students in the understanding and use of the spoken language with studies in literature and composition in the advanced levels. Aid in oral usage in all classes was obtained through the use of tapes and records in the language laboratory and in the classroom. French classes took students from the halls of Warwick to the streets of Paris; the colorful bull fights in Madrid came alive in Spanish classes; and Mrs. Nicholson presented a bright picture of German culture. These were just a few methods used to interest the students in languages. Does anyone care to leave the country?

Library and Home Ec. Offer Knowledge of Home, World

The source of the peculiar odors that enveloped the halls of Warwick this year could be traced to the Homemaking classes where students were busy turning out dietary delights! While the first year students kept to making simple things like biscuits, second and third year students advanced to preparing pizzas and steaks.

But cooking was only a small part of Home Economics. Under the guidance of Mrs. DeLaura Jones, students were instructed in making blouses, suits, and, for the advanced students, prom dresses.

For the first time at Warwick, library assistants gained credit for their work done in the library. Not only did this facet increase the number of workers in the library, but it also provided more service for those students who were unfamiliar with library organization and the Dewey Decimal System. The two librarians, Mrs. Harmon and Mrs. MacMurrin, added many new volumes of books this year to almost complete Warwick's fine reading and reference library. In addition, these co-workers were always willing to assist any student in locating a book of his choice.

D.E., Business Classes Gain Skills From Part-Time Jobs

The art of filling out complicated forms and orders was not the only thing students in the business classes learned this year. Through this versatile elective, students were taught typewriting, filing, stenography, bookkeeping, clerical work, and the operation of office machines. With the use of these skills and that of shorthand, the business students were well on their way to exciting careers in the business world.

While the Business Department was spending a successful year, the Distributive Education classes learned salesmanship skills while obtaining on-the-job training. The main purpose of Distributive Education was to prepare each student for a distributive occupation; and new instructors, Mr. Douglas Vaughan and Mr. Arthur Coffin, did more than their share to spark class interest. Under their supervision, field trips were taken to a Smithfield packing company and to Richmond where students observed a variety of occupations. D.E. was really a class on the move this year. Penny Harrison and Joe Schmidt won the honor of taking their D.E. projects to the annual D.E. Club convention held in Chicago on May fifteenth.

Shops' Technical Programs Draws Student Participation

The noise of the wood and metal shops, the silence in the drafting classes—this was physical, mental, and mechanical action experienced by shop students.

Boys in the wood shops repaired and made teacher's rostrums, while the art of handling metal was tackled by the metal shop classes. Electronics classes studied amplifiers, transmitters, and generator. The boys also tested radio components with the oscilloscope.

Mr. W. E. Jones was again head of the Industrial Education Department. Wood shop, drafting, electricity, electronics, and the general shop program for eighth graders were again offered to many boys. These courses proved to be successful in teaching the boys skills which would be used by them all through their lives. Teaching wood shop was Mr. Barton; Mr. Jones instructed students in drafting; Mr. Brown taught electronics; and Mr. Gregg taught metal shop.

Actual experience in mechanics, electronics, and various other fields benefitted the students more than classroom study ever could.

Future Actors and Artists Gain Experience at WHS

Under the direction of Mrs. Burch, the Drama Department began a process of rejuvenation to spark more interest and enthusiasm in drama. It consisted of showing students that the drama course was both fun and unique. It not only gave the students an opportunity to express themselves verbally, but also gave them a taste of various theater jobs, such as set designing and managing, playwriting, make-up applying, and, of course, acting. Many successful productions were presented by the department, among them, the Senior Class play, and three one-act plays for assemblies.

Working closely with Mrs. Adelaide Carson, Mr. Neil Britton, and Mr. Kenneth Bowen, Mr. Barclay Sheaks paced the way for the Art Department this year. The curriculum for students taking art was modern painting, sculpture, metal craft, and printing. The frequent trips to area art shows kept the students informed of new techniques in the various fields of art, serving as an incentive for more original projects. This spring found many art classes taking field trips. During May, the advanced art students took a journey to Richman for an art exhibit.

Music and Physical Education Discover Different Talents

Gym, that favorite time of the day, found the boys and the girls either industriously studying health or participating in one of the various sports offered by the Physical Education Department.

The eighth graders got their first taste of physical education at WHS, and they realized how out of shape they were. But with continued exercise they became physically fit with the rest of the students.

The tenth graders took physical education for two semesters while the ninth and eleventh graders were blessed with only one semester of physical education and the other of health.

The Music Department was headed by Mr. Smith, director of the Grenadiers; assisting him was the junior band director, Mr. Robinson. The music classes, consisting of A Cappella, Girl's Chorus, and under the direction of Mr. Tew, became better acquainted with different kinds of music.

Whether caroling through the halls at Christmas time, marching in the second Military Tatoo, or winning numerous trophies, the pride of Warwick was reflected in each participant's face.

Classes In Action

Action was in the student body. Through each student's school spirit and class devotion, he sought to achieve something valuable to Warwick . . . achievement in clubs and committees. To the seniors, the most outstanding accomplishment was to earn a diploma, and to the underclassmen, the challenge to become a senior was unsurmountable. Yet each class, in competition with the others, was united to the other four by a tie of unbroken spirit; and all contributed their time to promote enthusiasm. These were the classes of '67.

Senior Officers Lead Seniors Through Last Year At WHS

Sighs of regret and shouts of joy were intermingled in the hearts and minds of the students in the Senior Class as their final year at Warwick began. Filled with many activities, the year quickly slipped away into a memory. Long awaited high school rings arrived; the class participated in constructing a homecoming float; class ensignias were chosen; and senior personalities were selected. The seniors not only participated in activities but also led many of them. They boasted a well-rounded class with scholars as well as athletes.

The first semester of their senior year was eventually a thing of the past as February brought the Senior Banquet and the Senior Dance. The seniors put on this event as one of the last gatherings of the year. With the arrival of spring and warm weather came the night when the seniors donned gowns and tuxedos to dance the night away at the Senior Prom. All too soon final exams were taken and afterwards, graduation . . . a beginning for the Class of 1967.

Drummond, Palmer Honored For Services To Seniors

There were two members of the faculty who experienced action along with the Senior Class—Mrs. Katherine Palmer and Mr. Neil Drummond. Although they worked behind the scenes and received many gripes, the Senior Class was indeed dependent upon them.

Many long hours of probing into records was only a small part of Mrs. Palmer's job. This Senior Counselor had been with the class of '67 since their first year at Warwick. She worked right along with the students choosing the schedules that would best benefit them in their future vocation.

By working with seniors in advanced math courses, Mr. Drummond was well qualified to be the Senior Class Sponsor. He helped to carry out many activities such as the senior section at football games, the Senior Banquet and Dance, the Senior play, and donation to the SCA Scholarship Fund.

Both of these people were deeply appreciated by the senior class and will always be remembered.

above: Mrs. Palmer discusses a senior's transcript over the telephone.

below: An interesting bulletin board symbolizes the many interests of Mr. Drummond, Senior Class Sponsor.

Class Officers Lead Juniors Through Eventful Year

As seniors looked back with fond memories of planning last year's prom, the juniors set about their task of creating the upcoming prom. The Junior Class officers, Donna Burnette, president, Pat Coffey, vice-president, and Suzanne Morgan, secretary-treasurer, appointed several co-chairmen for each prom committee. After an early donation to the SCA scholarship fund, the money-making plans began to take shape under the guidance of class sponsors, Mr. Bowen and Mrs. Griffin. The sale of ballpoint pens and the dances did their share of filling the treasury. But the prom activities did not keep the juniors from participating in other events. They had a major role in each Homecoming Committee and added a sparkle to the Homecoming Court with their two lovely representatives, Gail Marston and Debbie Joyner. Academically, the juniors were not to be left behind; many were members of the National Honor Society, and numerous junior names dotted the honor role throughout the year. The juniors participated in an active year of both trials and tribulations; however, their spirit was never dampened as they anxiously faced the future.

"Yea. Warwick!" was the general cry of the school-spirited tenth graders as they earned their name, Sophomores.

Under the leadership of Ronnie Fama, president, Peggy McLaughlin, vice-president, and Sandra Brooks, secretary-treasurer, the Sophomore Class started the 1966-67 term off on the right foot. They were one of the first classes to give the \$100 for the SCA scholarship; and taking the advice of their sponsor, Mrs. Lambiotte, they started money-making projects for the 1968 prom. The first dance of the year was given by the Sophomore Class. Also among the class projects was the successful Senior Assembly given at the year's end.

But the various class activities did not prevent the sophomores from participating in other school events. Jackie Freeman represented her class on the Homecoming Court, while Trisha Scott vied for Miss Warwick Hi-Y. Many boys played on Varsity and J.V. teams and two energetic girls were on the varsity cheering squad. Larry Andreoli played varsity baseball and Bob Underwood played varsity football. Trisha Scott and Becky Olson were two girls that made the varsity cheering squad.

Sophomore Boys Lead Champion J.V. Ball Team

These tenth-grade students reflect the deep thought required in passing world history.

Class Officers Lead Frosh Through Second WHS Year

After a long year of being "mice," the eighth graders became freshmen! With their advancement, the freshmen took on new responsibilities and entered into more activities. They soon learned that the year was even more of a challenge than they had anticipated. Under the guidance of Mr. Barton, the freshmen chose their officers, Maryanne Adams, president, Kathy Coleman, vice-president, and Reneé Noland, secretary-treasurer. Among the various class activities, the Freshman Class sponsored a dance early in the year, enabling them to donate \$100 for the SCA scholarship fund. By showing their support for school sponsored clubs, the ninth grade won the annual AFS bond sale and added \$25 to their treasury. Winning the AFS bond sale has been almost an annual tradition at Warwick for the Freshman class.

The active freshmen participated in J.V. football and basketball, while Randy Jackson was the only freshman boy who played on Varsity football. The freshmen girls also showed their enthusiasm and school spirit by participating in GRA. Eight active girls cheered for J.V. cheerleaders.

Mice Leaders Plan Agenda For First High School Year

As the first day of school grew near, the upcoming eighth graders looked forward to a new way of life. And when that day arrived, the mice were enveloped by the hustle and bustle of Warwick's everyday life; the complexity that existed at Warwick was a vast change from the comparatively simple days of elementary school. But soon, with the help of Mrs. Smola, their sponsor, the beginners settled down to work. The mice chose Wesley Wornom as their Big Cheese to lead them through the year. Evelyn Coleman was chosen vice-president, while Jane Hazlewood was elected secretary-treasurer.

Soon finding themselves welcome at Warwick, the mice fell into the swing of things. They participated in almost every activity possible for eighth graders. Sports at Warwick found many new eighth grade faces such as six-foot two Craig Nuckles, who played JV basketball, and James Ferree who played JV basketball and JV football. Miss Betty Churchill represented her class on the Homecoming Court, while Joan Kretz was a J.V. cheerleader. The eighth graders proved that they would have a future at Warwick.

Activities In Action

Busy Cabinet members played a

The publication were indeed an
important phase of
student action. The Warwick
gave a history of the school

student life; and the Plough
inspired school literary talents.*

Dunn, Al-Salem Jointly Head SCA and Executive Council

It was the responsibility of the SCA Executive Council to keep the Student Government of Warwick running smoothly throughout the 1966-67 school year. Robert Dunn, President of the SCA, made speeches at the beginning of each assembly, and presided over all Congress meetings. Nabeel Al-Salam, SCA vice-president filled in in case of Robert's absence, and took on the duty of President of the Senate. Sandi Bryant, SCA Secretary, faithfully carried out her job by keeping Congress minutes, and distributing them each Thursday to each home-room. Carol Pond, SCA Treasurer, kept an accurate account of all gains and expenditures of SCA money, and reported it to Congress.

With the help of sponsors, Miss Armistead and Mr. Williams, the SCA officers carried out the numerous planned activities: "Know Your SCA Week," Farmer Day, "Christmas Spirit Week," and the Variety Show. When the school year came to a close the executive officers looked back on the year 1966-67 as an eventful one full of successes.

SCA Federation Coordinates Programs Among Schools

Through work of the SCA Federation, students became familiarized with other district schools and their activities. The District Federation aided all the SCA's of the peninsula schools to coordinate their scheduled programs and activities for the year.

The work of the Federation included meetings, panel discussions and contests. The panel discussions were made up of students and elected representatives which proved to be effective to remedying hardships and making their school a more efficient and enjoyable place.

When the various officers came from the different area schools, Warwick was also well represented. At these meetings ideas were exchanged so that other schools could use them. Besides being a hard working committee, when the members met, many friendships were started and many laughs were shared.

Together with the hard work and good times the SCA Federation promoted understanding and coordination programs among the schools and increased Warwick's development in its legislative functioning, and a more effective SCA government.

"Know Your SCA Week" Introduces Students to SCA

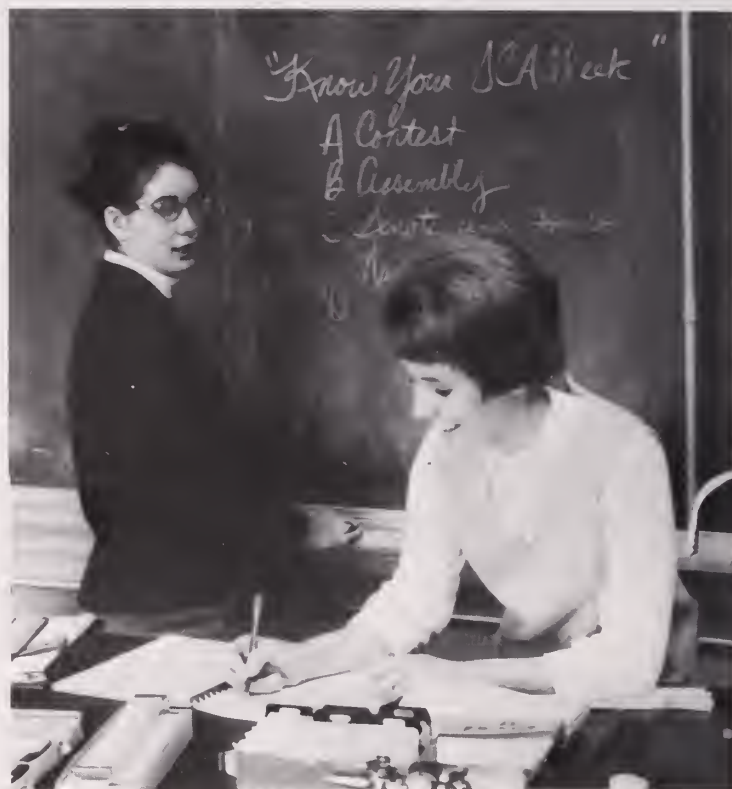

The purpose of the Senate was to better familiarize students with the organization of the SCA and to make the classes more unified.

Nabeel Al-Salam, SCA vice-president, presided over the Senate as president; and the officers of each class composed the body of the Senate. Under Nabeel's capable leadership, the Senate planned many productive meetings.

"Know Your SCA Week" was the most important duty of the Senate. Each day a different branch of the SCA was explained in the daily bulletin. During the week, the House of Representatives, Senate, and Cabinet were spotlighted so that the student body would know who their representatives were.

To arouse student interest, a contest consisting of Congress members to be identified was held. The student who named the most members was awarded a prize of \$5. The week ended with an assembly which highlighted each SCA project.

All in all, the Senate succeeded in their purpose of unifying the classes and making the SCA known.

Judy Chaney and Kathy Hogan plan agenda for "Know Your SCA Week".

The capable members of the Senate are, row 1: Kathy Hogan, Rodney Suddith, David Hickman, and Nabeel Al-Salam, row 2: Pat Coffey, Donna Burnette, Suzanne Morgan, Maryann Adams, and Kathy Cole-

House of Representatives Voice Student's Opinions Thru SCA

Congress was called to order every Wednesday morning in the boys gym to transact business concerning the student body. The House of Representatives consisted of homeroom presidents, club representatives, committee chairmen, honor council members, and the executive board. The duty of the homeroom presidents and club representatives was to report to their classes and clubs all business of Congress. Congress was busy this year perfecting and utilizing the new constitution. Committees to investigate school problems such as, the smoking situation and a school museum, were set up by Congress.

Also during the year, delegates were elected to different conventions and forums including Federation, and District and State Conventions.

The SCA became a more closely knit unit this year bringing the student body and SCA officers together in their work. The SCA and sponsors worked together this year to bring about a better and more prosperous Student Co-Operative Association.

SCA Cabinet Vital Part of WHS Student Government

Action! was the theme adopted by the 1966-67 Cabinet. Compiled of the SCA committee heads, the Cabinet sought to keep the students informed, to promote school spirit, and to serve at various school functions. Orienting the newly arrived "mice" was the job of seniors, Jan Minter and Linda Branch, while Pete Hazlewood headed the Pep Committee, and Liz Fife headed Homecoming. Cathy D'Errico and Sharon Daniel were co-chairmen of Bulletin Boards Committee; and Diane Moody and Brenda Franklin were co-chairmen of Publicity Committee. While Barbara Hamlett and Charlene Roulet served as chairmen of the Social Committee, Warwick's various projects for the year were the responsibilities of Greg Stevens and Kathy Barclay. The remembrance of ill students were the department of seniors, Kathy Rayfield and Judy Wright; and D'Arcy Phillips kept the halls and corridors in their proper care. SCA historian Toni Dedmond kept a scrapbook of Warwick's events for the year; and Wayne Nicholas served as chaplain. These were the members of the SCA cabinet, which played a vital role in government.

This Year's Cabinet Committee Heads include, *row 1:* Brenda Franklin, Kathy Barclay, Judy Wright, Cathy D'errico, Linda Branch, and Charlene Roulet. *row 2:* D'Arcy Phillips, Diana Moody, Greg Stevens, Liz Fife, Sharon Daniel, Jan Minter, and Barbara Hamlett.

Orientation Welcomes Mice; Projects Plans Hootenanny

The "mice" this year found the orientation program quite beneficial. The committee, headed by Jan Minter and Linda Branch, worked during the summer to organize the program presented August 31. A skit was given with the theme of "Chickenman." Chickenman, alias Mike Klarer, became the hero of the eighth graders because he freed them of all of their fears for the coming year. Each eighth grader was assigned a Big Brother or a Big Sister to help him with any questions that might come up. There were guides throughout the school to help direct the "mice" to classes. In addition, a tea was held for all transferred students. Any new students that came during the year were shown the school and given a warm welcome by the Orientation Committee.

The Projects Committee's job was to plan and carry out projects that would make money for the SCA. Their biggest moneymaker was to be the SCA Variety Show but lack of student participation cancelled this project. The spring Hootenanny was a tremendous success, and this project as well as many others added needed funds to the SCA treasury. It was through the planning of Greg Stevens that much of the Projects Committee was a success.

Woodshop, Classes Create WHS's Homecoming Float

What happened? It didn't rain, and we didn't lose the game (then again, we didn't win either!) . . . what kind of Homecoming was this? Everything was perfect! The success of the 1966 Homecoming can easily be attributed to the hard work of Liz Fife, chairman of the Homecoming Committee. A float built by the students was new this year. A mighty eight-foot high Farmer stood gloriously on top of the float holding a not so mighty Falcon.

Giving a pep talk in assembly Friday morning was Mr. Carlton Hurman, and the football team and court were spotlighted.

That night, the fighting Farmers went to battle, and the spectators watched a new and different Homecoming ever presented at Warwick. After the float and cheerleaders, and the presentation of the court, Miss Connie Smoot was crowned Homecoming Queen for 1966. A dance was given after the game to honor the queen and her court.

It was a perfect Homecoming and one the class of 1967 would never forget.

Social Committee Serves at SCA and Faculty Functions

With the aroma of cookies and cakes in the air, the Social Committee of 1966-67 got under way. This committee headed by Charlene Roulet and Barbara Hamlett, co-chairmen, started to work in mid-September for the Student-Faculty Tea to make it one enjoyed and not soon forgotten by students or faculty. With the eventful success of the Student-Faculty Tea, the committee turned toward serving for the Peninsula SCA Federation and putting on a Homecoming dance that the Queen and her court would never forget. This Homecoming dance made \$400 which has never been done by a Social Committee at WHS before. All refreshments for SCA dances were taken care of by the Social Committee. With the coming of Spring another Student-Faculty Tea rounded out a successful year for the Social Committee.

The Publicity Committee was in charge of making all SCA projects known to the students and faculty. Heading the Publicity Committee were co-chairmen Brenda Franklin and Diane Moody who successfully fulfilled their job. Posters were constructed for the SCA Peninsula Federation. Projects achieved included homecoming and the SCA summer dance.

Pep Committee Sparks Fervor for Sporting Events

"Go! Fight! Win!" Although these chants which enveloped the halls of Warwick were perhaps "strange" to newcomers, they were school spirit to the Pep Committee. Seniors, Pete Hazlewood, and Rocky Downey were co-chairmen of the Pep Committee, rallied enthusiastic students in the middle hall after school to exert their enthusiasm constructively. Under the lively supervision of Miss Nancy Makela (who made sure the "enthusiasm" didn't get out of hand), the students made posters publicizing sports events—"Scalp the Warriors", "Sink the Mariners", "Take the wind out of the Typhoons," and "plow 'em under."

Students spent many a Thursday afternoon before a football game, on their knees, paint brushes in their hands, thinking of devilish slogans of victory! But this was all part of that intangible, yet tangible, thing the Pep Committee served as an incentive to lead the Warwick teams to victory. The Pep Committee generated school spirit; and without it, Warwick's year would not have been very successful.

Service Organizations Help Promote School's Harmony

The many colorful and exciting bulletin boards displayed throughout the halls of Warwick this year were made by the bulletin boards committee. Sharon Daniel and Cathy D'Errico, co-chairmen of the committee, supervised the planning of these bulletin boards. The beauty of Homecoming and the spirit of Christmas were just a few of the many events highlighted by the bulletin boards committee.

Thoughtfulness, sincerity, and loyalty successfully described the remembrance committee as headed by Kathy Rayfield and Judy Wright. They also proved to be faithful to the teachers by making the invitations for the student-faculty tea. Their main project was helping Jimmy, an unfortunate eighth grader who could not attend school, feel as if he were a real Farmer. They visited him each month, told him the school news, and gave him copies of the *Earle*, the *Plough*, and the *Warwick*.

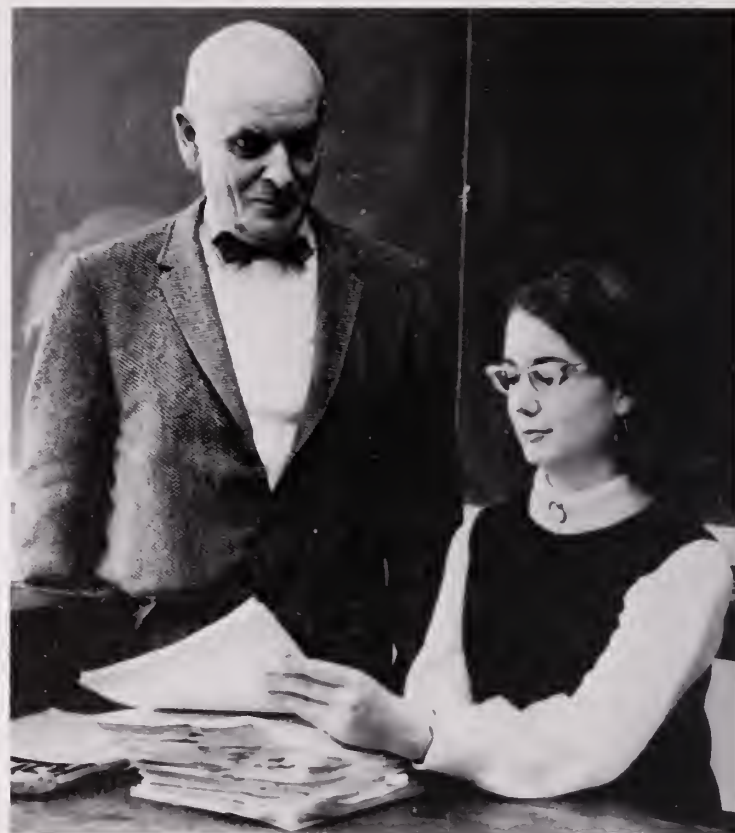

This year teachers were assured of fewer interruptions in their 4th or 5th period classes as a result of the fine work of the Halls and Corridors Committee. In charge of this committee was D'Arcy Phillips who did an outstanding job to limit noise at lunchtime.

This year's Halls and Corridors Committee includes Dennis Silcox, Henry Fitzgerald, and D'Arcy Phillips.

SCA Constitution Changes Policies of Honor Council

"An honest man is the noblest work of God" served as the theme for the 1966-67 Honor Council. Headed by Judy Chaney, the Honor Council strove throughout the year to impress upon each student the importance of honesty. New honor codes were posted in all homerooms by members of the Honor Council. These posters listed the various points of the Honor Code, and represented the final work of many hours of debate.

Three major changes were made concerning the Council this year. The honor card was replaced by a mimeographed honor code form which each student was given the opportunity to sign. On this form, violations of the code were recorded. Also new this year was the absence of an Honor Committee. Because of this change, the Honor Council worked directly with the student body. The final change and the most important one was that the representatives to the Honor Council from each grade were elected by their respective classes rather than by Congress. This method of choosing Honor Council representatives impressed the importance of honor upon the entire student body and emphasized each person's role in the system. Through these changes, the busy Council members made a success of their active year.

Confusion at Assemblies Eliminated by Efficient Ushers

The 1966-67 Warwick Ushering Staff chanted many phrases this year before and after each assembly. This reliable group, again under the capable supervision of Mr. Barclay Sheaks, was composed of nineteen energetic seniors and eleven courteous juniors. They were chosen on a basis of personality, leadership, dependability, and appearance. Assisting Mr. Sheaks were the head ushers Steve Givens and Judy Wright.

The ushering duties, like maintaining order and eliminating mass confusion, were usually taken for granted by the student body, but they did link with the many activities at Warwick. They gave their assistance in such school functions as the first "Opportunity Night", the testing in September for the eighth, ninth, and eleventh graders, Homecoming activities, musical concerts, plays, the varied assemblies, and of course, graduation.

It was a very active year for the ushers but along with every service performed, a friendly smile was seen. Ably led and staffed, the ushers helped to organize and control much of Warwick's action. They knew "where the action was!"

Earle Takes On New Look With Club and Sr. Columns

During third period in room 181, there was a very busy and sometimes hectic class. This was the hour during the day when twelve devoted workers and Mrs. Brabrand, sponsor, worked diligently to publish the school's newspaper, *The Earle*.

Assignment sheets were compiled, rolls of film developed, thousands of words typed, and endless amounts of glue used by those staffers attempting to provide school-wide coverage of clubs, athletic events, social occasions, and academic achievements of WHS students.

Many long hours were spent after school in an attempt to give *The Earle* a new look. New columns such as the "Club Column," "Senior Column," and "Straight from the Shoulder" were included to inform the readers of various school, class, and SCA activities.

In order to raise additional funds, the staff sponsored a St. Patrick's Day dance on March 17. Deadlines were met, however; and all in all the year proved profitable and successful for *The Earle* staff.

Plough Staff Receives Poems Stories, Essays, Art Works

This year the *Plough*, Warwick's literary magazine, was co-edited by Sydney Griffin and Jon Shackelford with Miss Lois K. Callahan as adviser. Consisting of over fifty percent student contributions, the *Plough* reflected the literary talents of Warwick's student body. Poems, essays, short stories and art work made the magazine sparkle with action.

Each year the *Plough* is entered in the Southern Interscholastic Press Association competition. In the past the *Plough* has won five First-Place Awards, which shows the hard work on the part of the students and the staff in producing a fine-quality magazine.

The main objective of the *Plough* is to represent the work of the students. Considering material for the *Plough* is only the first of many steps in its production. Typing and proofing of each piece of writing occurs next. After sending the typed copy to the printer and awaiting the return of the galley sheets, such things as dedication, cover, centerspread, theme, and layout are selected. Checking for proper balance and size is the final step before pasting and sending it to the printer. The result—a better *Plough*!

Every annual staff member knew where the action was, but he didn't tell anyone. They were all martyrs, slaving away the hours in room 181 and keeping secrets day after day, week after week, month after month . . . well, maybe that is a minor exaggeration; but it took hard work and determination to produce such a book of highest quality. In addition, the staff members gained a feeling of accomplishment and satisfaction in knowing that they were doing something for Warwick High School.

They often heard the statement that nothing ever happened during a school day; there was no action. They knew better! There was a candid camera in the school recording all the action. Oh, it wasn't Allen Funt; it was either Chris Wilson or Freddie what's his name. After they had taken their pictures, they would hide in a 5' x 5' dark room developing and printing. Completed pictures were then cropped and sent to the publisher. The *Warwick* staff is proud that it does ninety percent of its pictures.

With complete cooperation, the staff recorded "Where the ACTION is" in a beautiful maroon and gold book—*The 1967 Warwick*.

Grenadiers Bring Trophies, Honors, and Fame to WHS

"Change for the better" was a perfect phrase for describing the Grenadier Band and Bagpipe Corps this year. One of the biggest changes in the band this year was the switch in both drum majors. Bert Miller, Grenadier Drum Major, and Darry Turner, Bagpipe Drum Major, carried on in the tradition which Robert Parker and Steve Givens had once done. Also during the year the positions of Head Drummer, Pipe Major, and Pipe Sergeant were filled by capable band members to keep the band in an action pace.

More than just positions changed this year. New additions to the uniforms gave the Grenadiers more of the "English charm." While the leaders and uniforms changed, the first constitution for the band was drawn up by the members. With the constitution, the band became an official SCA club with representation in Congress.

Maintaining their high standard, the band marched in local parades as well as parades in Richmond, Winchester, and Washington.

The members of the brass section of the band include, row 1: Doug Blaylock, Charles Jones, Clifford Plante, Jim Taylor, Charles Bates, Ray Jones, Walter Mt. Castle, and Mike Link. row 2: Dale Diacont, Robert Huggins, Steve Wright, Steve Warren, Tommy Thompson, Chuck

Maroon Band Gains Experience Through Parades

This year the Maroon Band, once known as the Warwick High Junior Band, marched at every home Junior Varsity football game; and at the Varsity football game with Matoaca, they filled the absence of the Grenadier Band and Bagpipes. To prepare the Maroon Band for the day when they would be a part of the Grenadiers, they marched in the annual Fire Prevention Parade in Hampton, the Armed Forces Day Parade and the Christmas Parade in Williamsburg. At any game or parade in which the "Baby Grenadiers" attended, victories and trophies were presented.

As before, this school spirit was proudly displayed mainly because of the outstanding leadership and talent of Mr. James Robinson. The Maroon Band director made his second year at Warwick one in which the student body would never forget because he assisted each band member as an individual and not just as a section at a time. Indeed this was one of the most important assets any band could have . . . a director that could make each member feel both valuable and indispensable.

Teamwork, Study Harvest Many A Cappella Successes

What comes next? Help! What is that next verse? Lights: camera: roll. We're on—*Panic!* Hey! Mr. Tew, have you seen the other cars?

To most people these short phrases mean little or nothing; but to the 1966-67 A Cappella Choir members, these phrases have a special meaning signifying hard work, long hours of practice, and many tight situations. Even though there were many pitfalls, as in every good organization, the choir was well-rewarded by the beautiful sounds produced in their annual fall, Christmas, and spring concerts. Though many of the rewards were in self-satisfaction, the choir felt a pride in the fact that it was really "one", and not just many voices combined with no real purpose. Proof of this came when the choir received a dozen red roses from an "admirer" after their Christmas performances.

This year proved to bring action to the choir and afforded many rewarding experiences. It was a year that will be remembered by all.

A Cappella Choir consists of the following, row 1: Lynda Brooks, Sandy Larson, Ann Peele, Cheryl Burnham, Ruth Corty, Cheryl Smith, and Nancy Heath. row 2: Melanie Tissiére, Vickie Jones, Ester Martin,

Male Chorus Gains Admiration and Self-Satisfaction

Harder practice and more experience helped to make this year's Male Chorus one of the best vocal organizations at Warwick High School. Under the vital direction of Mr. William A. Tew and Butch Colgan, president, the chorus maintained a successful year.

The members proudly displayed their sweaters denoting their enrollment in the chorus.

After elections were held it was announced that the officers for the 1966-67 year were the following: Butch Colgan, president, Doug Scoggins, vice-president, Greg Youens, secretary-treasurer, and Tommy Freeland, business manager.

The success of the Fall Concert was only surpassed by the successes of the Christmas Concert and Valentine Concert.

Again this year the members played a football game with Ferguson. Unfortunately little Fergie upset Warwick with the score, Ferguson 38, Warwick, 36.

Throughout the year songs were heard from G-1 where the boys practiced and rehearsed for their performances. No matter how many times they went over the songs, they always rehearsed once more.

Mr. Tew directs Male Chorus members at the music department's Christmas concert.

Male Chorus singers are, *row 1*: Mike McCracken, Linwood Hall, Peter Poulos, Bill Layton, Eddie Polston and Doug Ross. *row 2*: Don Beale, Bill Gsell, Doug Scoggins, Vance Overton, Gregg Efouene, Wayne Parker, Albert Morris, Jim Moore, Rocky Downey, and Sammy Shelton.

Debbie Dillard, Kay Emery, Eloise Burleson, and Cindi Wallace; *row 3*: Beverly Wise, Candy King, Ellen Hostetter, Linda Hamilton, Jackie Johnson, Pat Levitsky, Jamie Yost, Deena Downey, Donna Burnham, Lynn Wannamaker, and Linda Jenkins.

Girl's Chorus Emphasizes Enjoyment of Music, Song

Girls' Chorus began this year with the learning of rhythms. Anyone passing G1 during sixth period could hear them clapping to new and invigorating patterns. The phrase, "practice makes perfect," readily applied to Girls' Chorus as they were well prepared and well practiced for the Fall Concert, which was presented jointly with A Cappella Choir, and Male Chorus.

With the coming of the Yuletide season Girls' Chorus again turned to many days of practice for their Christmas Concert. During this concert well-known Christmas carols were presented.

After returning from Christmas vacation, Mr. Tew started teaching the girls Musical Theory. This would come in handy when the girls branch out into the world in various fields of music.

With full understanding and knowledge of the theory of music they returned to their normal schedule of singing and rehearsing. All in all the year was a truly rewarding experience for all concerned.

Strict attention to a qualified instructor is important to Girls' Chorus.

Key Club, Hi-Y, Jr. Hi-Y Undertake Various Projects

The Warwick High School Key Club's international objective, "serve with integrity," was fulfilled throughout the year. After beginning the year with a much needed membership drive, a dance was held to raise money. The select group, whose father organization is the Kiwanis Club, met biweekly with interesting speakers and programs.

On December 19 the annual Hi-Y-Key Club Football game ended with the Key Club victorious. Another successful project was the joint Key Club-Keyettes Farmer Day Float presented in the Ferguson-Warwick football game.

As the new school year began, Pat Carmean assumed his job as president, with Randy Willard as vice-president. The money that was raised went for a good cause—the annual presentation of the sportsmanship awards in basketball, football, and baseball.

The third "Miss Warwick Hi-Y," Sandi Bryant, was crowned at the annual Christmas dance.

The John M. Caywood Junior Hi-Y, in its second year, worked diligently throughout the year to prove that it was as active as its big brothers. David Terry was elected at the Virginia Junior Hi-Y Conference, to the office of Secretary. Jack Howard was an able sponsor.

Members of the Warwick chapter of Key Club International are, row 1: George Tucker, Lanny Ackiss, Craig Wright, Meryl Moore, Marc Vander Stouwe, and John Stark; row 2: Charles Williams, Greg Noland, Irving Ragsdale, Chuck Pinnell, Steve Burnette, Mike Klarer, Bob Kretz, Harvey Lindsay, Chris Wilson, George Squires, Jim McAtemney, Ned Gleason, Charles Epes, and Nabeel Al-Salam.

Keyettes, Tri-Hi-Y Perform Many Service Projects

"We Serve" was the motto for Warwick's Keyette Club. Collecting every month for different organizations gave the members a sense of helping other people in need.

Money-making projects for the year included a car wash in the fall, a dance on March 31 and Warwick's first Valentine Day post office. The spring car wash brought in more needed funds and a bake sale helped to complete the financial needs of this active, action filled club.

The National Keyette Convention held in Roanoke, Virginia on May 12, 13, and 14 gave the members a chance to meet Keyettes from all over Virginia.

Tri-Hi-Y started its active year during the summer when the new elected officers attended the Blue Ridge Assembly where they learned what duties they were to fulfill when classes resumed in the fall. At Thanksgiving the girls gave service to their community by making prayer cards for the patients of Newport Nursing Home. Sue Morgan and Sharon Dickenson represented the club at the Model General Assembly in Richmond where they learned and practiced the fundamentals of state legislature.

Serviceable members of the Tri Hi-Y are, Marcia Smith, Pat Kalafut, Sue Morgan, Tammy Faison, and Sarah Gray. row 2: Linda Suddith, Jane Pettit, Faye Weldon, Cheryl Thorton, and Meg Schell.

Thespians Work Hard; Give Play, "Beat It Beatnik"

Chapter 394 of the National Thespian Society was founded at Warwick High School in the fall of 1960 by Mr. J. Vaughan Garv. The purpose of the Thespian Society is the advancement of dramatics arts in high school. The club has become an important part of the extra curricular activities offered at Warwick.

This year, under the direction of its sponsor, Mrs. Burch, the drama department produced one three-act play and two one-act plays, "Beat it Beatnik" and "The Storm", which were entered in Group IA district competition held at Hampton High School.

The main money-making project of the year was the sponsoring of a coffee house at the Denbigh Community Center. With the help of the Forensic Club, the coffee shop became a profitable venture, providing entertainment for young and old in the form of folk singing and poetry reading.

Behind the scenes was found Jim Rollings, head of the stage crew, and many other people busily preparing for opening night and awaiting the cry, "You're on!", or "Break a leg!" With these thoughts of cheer and cooperation, the Thespians presented many of Warwick's most active, action filled activities.

The members of the stage crew include: Robert Yancey, Bobby Zobot, Jim Rollings, Linda Smith, Billy Morse, Charles Satterfield, and Harold Ginn.

Science-Math, Radio Clubs Study Fascinating Fields

The Amateur Radio Club was headed by two new officers; Mel Downey, president and Bobby Zabot, vice president. With the help of the sponsor Mr. Brown and students Mark Vander Stowe and Gary Mothena, the officers guided the club through a successful year. All members carried on their activities with great interest, especially the eighth graders. Many group meetings with Ferguson were conducted throughout the year. The biggest project of the year was an entry in the carnival. By the end of the year, all agreed they had been successful in basic electronics.

The Warwick Science and Math Club, headed by president Larry Farris attempted many different but helpful projects to the school. Before the first of the school year the members of the industrious club joined and accomplished the difficult task of cleaning and orderly arranging the instruments of the Chemistry Lab. Near the end of first semester the club presented an interesting speaker, Dr. Casey, a professor from Duke University who is an expert on ESP (Extra Sensory Perception). A club of action, the Science and Math Club made a vital part of Warwick's action.

Respective Cultures Studied By Foreign Language Clubs

Warwick's *Spanish Club*, again under the leadership of Mrs. Martin Walsh, conducted a membership drive in the fall which made it one of Warwick's most active clubs. Some of the Successful projects were honoring the old members by having a dinner at the Mexicali Restaurant and raising money for a hundred dollar scholarship for a deserving Senior.

Customs and traditions of the German people were studied by the members of "*Der Deutsche Verein*", Mrs. Lorraine Nicholson sponsored the club in its third year at Warwick. Wearing the traditional attire of the Deutschland to both club meetings and classes, the "Frau" inspired all of her students. A Hootenanny, German style, was held in the Warwick cafeteria. All the German clubs in the Peninsula area were invited and it proved to be very successful.

The *French Club* consisted of individual class clubs. Each club functioned separately, but they were united in an Inter-Club Council. The main purpose of the club was to foster a better understanding of the French language and people. In an effort to fulfill this purpose, a variety of programs was presented, excerpts from the movie *Le Bourgeois Gentilhomme*, and skits combining a series of dialogues illustrating France.

Representing the Spanish Club are, row 1: Pat Kalafut, Phyllis Woolard, Kathy Barclay, Anna Jordan, and June Edgerton; row 2: Mrs. Walsh, Steve Moore, Bev Bell, Jane Pettit, and Susan Letchworth.

FHA, FTA, FNA Prepare Students for the Future

During this year the purpose of the Future Nurses' Club was fulfilled to the greatest extent. The promotion of nursing and other related medical careers was approached in several ways. Each month speakers widened the interest of nursing. Trips to nursing schools were planned carefully to show the different types of schools.

From the organizational meetings to the close of the year many new and exciting things were learned by the Future Homemakers of America. Fashions, teenage charge accounts, White and Christmas Sales were just some of the many topics discussed by the members.

The busy schedule of the year kept the Future Teachers of America occupied with many different activities including the selections of "teacher of the month". The FTA fall rally was sponsored by the Warwick Chapter which acted as host. Warwick was well represented at the state FTA Convention with Ginger Stetson, Becky Morgan, and Melinda Lewis.

Future Nurses are composed of the following; *row 1*: Pam Hauks, Phyllis Gray, Cheryl Wood, Esther Martin; *row 2*: Pam Stetson, Jane Pettit, Sandy Moore, Debbie Bruner.

ICT, DE Record Highly Successful Business Year

With the change of sponsors and the purchase of DE blazers, the Distributive Education Club began the 1966-67 school year. Mr. Vaughan, a graduate of Warwick and a former teacher of "that school down the road", along with Mr. Arthur Coffin introduced various new customs for future DE Clubs to follow. The blazers, purchased by each member, had a DE diamond on their pocket.

Later in the year, stationery with the school's name and address printed on it was sold by each member.

Mr. Jerry Kohout once again agreed to fill the position of coordinator of the Industrial Cooperative Training Club. He helped the club lay out its plans for the year, which proved to be quite active. With the future in mind, the members lined up various informative speakers to preside at their meetings. During first semester, the club elected and sent several delegates to the ICT State Convention, which was held during March in Alexandria, Virginia. In the District Convention, Debbie Grubbs was honored with her election to President.

Monogram, VOT Clubs Spark Athletic, Office Ability

The Monogram Club, in its fourth year at Warwick, displayed a successful record. Providing programs for football games was a beginning for the club's activities. The boys sold tickets to a JV football game which not only netted a profit but also helped to stimulate a feeling of pride within the players.

Because of the profits, the Monogram Club was able to buy thirty-three jackets for the new lettermen.

The club worked hard to promote better athletic teams by unifying the athletics and by instilling leadership, physical fitness, sportsmanship, and the will to win within each member.

Mrs. Burcher was again teacher and coordinator for the Vocational Office Training Club. The purpose of the club was to teach various methods and phases of secretarial work. Comprised of only girls, the club proved to be quite enterprising. Again this year, at the end of second semester, a scholarship was given to the "most deserving girl of the year." Many of VOT students held down jobs that brought them hourly wages. Filling the needs of the business community, the VOT Club brought emphasis to the importance of the office worker to the students of Warwick.

The students of VOT are, *row 1*: Brenda Eastman, Ellen Mandel, Barbara Eastman, Linda Fox, Marie Jones, and Shirley Fullbright. *row 2*: Cindy Overstreet, Laura Hedden, Stephanie Schultz, Carolyn Paris, Anita Pate, Peggy Wise, and Linda Gray. *row 3*: Charlene Snyder, Mrs. Burcher, sponsor, Shelia Forsyth, Linda Seward, Debbie Brown, Ann Fox, Henrietta Singletary, and Pam Warren.

"Everybody be quiet! We're starting the meeting now!" was heard at almost all of the Forensic Club meetings. From September to June the members met at least once a month to plan and carry out their goals for the year.

The Easter assembly, presented by the active club, was changed from the two previous years by using different affects in lighting and sound. Readers of prose and poetry went to the district meet where representatives from peninsula schools competed for district honors. Practice, practice, and more practice prepared the students for their stiff competition.

The Youth for Christ Club of Warwick High School held meetings this year in two entirely different procedures: one was a type of meeting involved for religious purposes; while in the second type, the Youth for Christ Club catered to the interests of students not involved with the club. All in all the YFC brought Christianity closer to the entire Warwick High School student body through its dedicated members. Non-denominational, the club sought to foster the ideas of Christianity by a reflective manner representative of good taste and tactfulness.

Strategy is Key Word For Chess and Debate Teams

Checkmate—another victory for Warwick! Victories for the Warwick Chess team came quite often during its twelve tournaments with local high schools. Hard work and practices was the contributing factor for this excellent record. The top members of the club were regarded highly by the Peninsula Chess League and composed the team that participated in the tournaments.

Under the direction of Miss Waverly Hundley and Col. Ellis Luck, the Warwick High School Debate Team worked hard to gain valuable experience in the skills and techniques of debating.

With magazines, books, and quote cards in hand, the team attended many debate tournaments. The first was held here at Warwick, while others were held at the College of William and Mary and the University of Richmond.

Through debating, the members acquired a more critical and objective outlook, learned the value of research and investigation, and improved their ability to think and speak on their feet.

Debaters preparing for a tournament are, Richard Mercer, Coleman Walsh, Miss Hundley, Eddy Waddy, Jon Shackleford, and Nabeel Al-Salam.

Features In Action

The features of Warwick included. active clubs and active students. First, there was Homecoming, one of the most exciting and awaited events of the year, second only to Graduation. Also in the football season was the traditional Farmer Day, when students dressed in honor of the school nickname. At the year's end, selections of students were made for honorary organizations, such as Quill and Scroll and National Honor Society; individual students were awarded recognition for their service, scholarship, leadership, and character.

National Honor Society Selects Top Juniors, Seniors

Leadership ... Scholarship ... Character ... Service ... these were the four words which guided the active members of the Warwick Chapter of the National Honor Society sponsored by Miss Lucille Phillips. The main goals concerned the welfare of the school, the promotion of good citizenship among the students, and the rendering of services to the administration.

In November the National Honor Society members worked with the guidance office in making preparations for "Opportunity Night." The major project was the spring tapping ceremony in which new members selected from the junior and senior classes were recognized for their abilities and service. At the end of the school year, the Bank of Warwick picked from the members ten top scholars from the Senior Class and awarded each of them with a school letter. All senior members were privileged to wear the Gold tassels instead of the white on graduation day as final recognition of their abilities. Living up to the high standards of the club was not an easy task; however the Warwick NHS was composed of the best, and for them no task was left undone.

Area Youths Voice Opinions On "We the Young People"

"Ye shall know the truth and the truth shall make ye free" was heard frequently in the halls of WHS by students who were passing room 272, the meeting place of the Warwick Ruby Altizer Robert's chapter of Quill and Scroll. Each member of this honorary society has contributed to the art, business, or editorial department of the school publications.

Kathy Rayfield presided at the meetings; Eddie Miller was vice-president; Janet Spruill took minutes of all meetings; and Brenda Franklin, as treasurer, kept records of all money transactions.

Under the guidance of Miss Lois Callahan, the society completed various projects. The main project was the weekly presentation of "We the Young People" over WGH radio with Judy Chaney and Sharon Daniel as co-chairmen of the program. Many days would find Judy running around Warwick trying to find someone to be questioned by Dick Kidney.

In December the Quill and Scroll banquet was held at the Gourmet Inn. During the banquet a candle-lighting initiation ceremony was held for the induction of the newly elected members. Another banquet was held in the spring for the induction of officers for the following year.

SCA, AFS Unite to Send Delegates To AFS Forum

Unfortunately this year the American Field Service, usually called the AFS, did not have a foreign exchange student like it has had for the past five years. However, this did not stop the AFS from being one of Warwick's most active clubs.

During the past year the AFS sponsor, Mrs. Martha Ourednik, was assisted by the officers in dreaming up more projects to raise the treasury past the two thousand mark.

Helping the AFS make progress in reaching this goal, Chip Griffith, a Senior from Ferguson, and also one who visited Finland under the "America Abroad Program", asked the student body in an assembly to support the club by buying a bond.

After the November Bond Drive was completed and the amounts totaled, the freshman class was told that they had bought more bonds than other freshman classes in the past. Isn't it odd that this class wins every year? I guess not when you discover that Mrs. Ourednik is a freshman teacher. Composed of a large, enthusiastic membership the AFS proved to be one of the most successful clubs at Warwick. Leaders of the club included Steve Givens and Susan Rex.

Senior Assembly Reflects Varied Class Personalities

Sighs of joy and thoughts of wonder described the graduating class as they entered their senior year. Under the guidance of Rodney Suddith, president, David Hickman, vice-president, and Kathy Hogan, secretary-treasurer, the Class of '67 took advantage of senior privileges—the senior section in the auditorium, the senior lunch line, and the new senior section in the football stands.

With Mr. Drummond as sponsor, the year moved swiftly for the Warwick High Senior Class, and they soon found themselves selecting their classmates as Senior Personalities. On Leadership Training Day many seniors taught in the classes where they had once sat as underclassmen, and on Senior Day, all were relaxed during the Senior Assembly.

The seniors marked the end of the year by attending the Senior Prom on May 20th. The theme of the prom was "Moonlight and Moss". With the prom's completion, and only the Sophomore Senior assembly remaining, the Seniors prepared to complete the last chapter of their high school careers—Graduation. With their caps and gowns they set out to meet the world.

Life's Span

The dawn of youth is past;
arriving is the test of its
nurture.

We stand on the shore,
looking across the horizon;
The waters before us separate
the continent of our lives

Toll fares in life we must pay;
bridges we must build.

Many construct wooden bridges;
others prefer those of steel
Wood is soft and pliable;
steel is sturdy and enduring

Possibly a mid-day fog will
creep in,
coloring life gray and dull

Wooden bridges rot and tumble;
their builders destined to gag and
drown.

Finally the sun triumphs and shines;
the fog slips swiftly away.
Stout steel bridges remain;
their builders proudly march onward,
upward, supporting, advancing the
world

Evening and night invade and envelope;
bits of steel stand and prevail;
Some builders journey to safety;
others trip and fall, never rising—
Survivors constructed the first bridge out
of steel;

They number few, they number many;
this is the test of youth and nurture.

Float And Parade Highlights Of 1966 Homecoming Events

"Chop the Falcon!" was heard throughout the hectic week preceding Homecoming. Boys wood shop and art classes worked diligently to produce an eight foot farmer strangling a three foot falcon in one hand; while in the other hand he carried a gigantic ax. Thursday night a tremendous bonfire was held to burn a York Falcon in effigy.

The assembly was unusual in that there was a speaker, Carleton Herman, a graduate of WHS and former football player, who spoke to boost the team's morale and the students' spirit.

The game was close and exciting. At half-time the court was brought on the field and after a few tense moments Miss Connie Smoot was announced the 1967 Homecoming Queen. That night the Homecoming dance spotlighted the court.

The memories of Homecoming—the bonfire, the game, the Queen, the returning graduates—will long remain in the memories of Warwick Farmers.

Special Awards, Events Capture Important Moments

Warwick's active year included various momentous events and special awards which made every student proudly identify himself with his school.

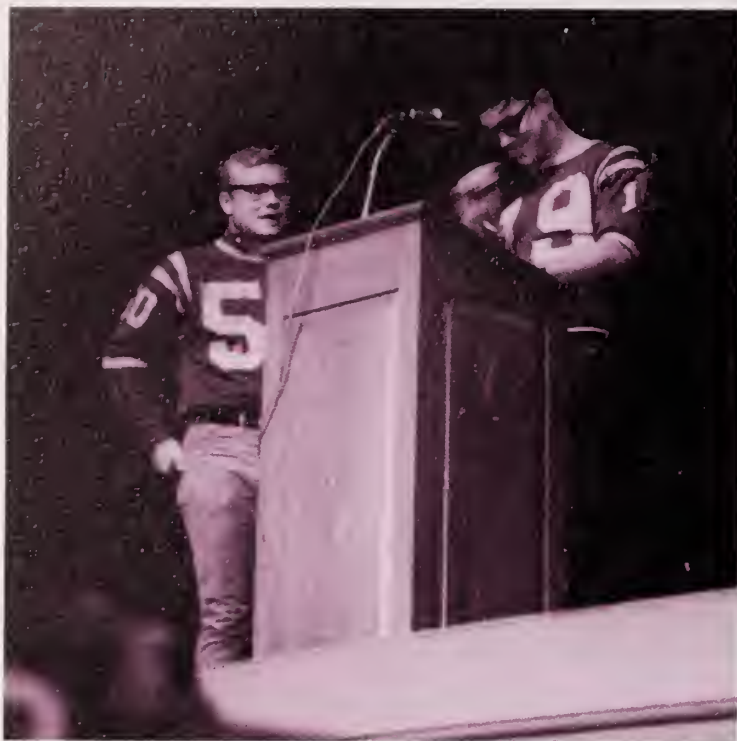

The All-State Chorus, chosen by Mr. Tew, proudly represented Warwick High School in the state concert in February. The exceptional vocalists composing the chorus included Alvin Smith, Danny Adkins, Vickie Redmond, and Judy Wright.

The Hi-Y contributed much to the events and awards at Warwick. Sandi Bryant, was crowned Miss Hi-Y at the Miss Warwick Hi-Y Pageant. The Hi-Y Sportsmanship trophies were awarded to Tommy Wilson for football and Bob Kretz for basketball. The Hi-Y and Tri-Hi-Y sent delegates to the Model General Assembly in Washington D.C.

After winning over her Warwick opponents, Laura Bowers won one set of semifinals in the WGH scholarship contest and went on to gain much approval in the finals.

Senior students were honored for their high scholastic and character attributes by being inducted into the National Honor Society. These students represented the most outstanding of Warwick High School.

Farmer Day Reflects Pride, School Spirit, Student Unity

On November 18, Warwick held its traditional Farmer Day for the fourth year. Each Student displayed his school spirit by dressing as a farmer. In the morning each homeroom sent two representatives to the main hall, and from them were chosen this year's Farmer Family. Ede Raine, Pat Kalafut, Tommy Garner, and Charles Lautenschlager, the mail (male?) -order bride, rounded out the Farmer Family with teachers, Mrs. DeLaura Jones and Mr. Tudor, at the head. Also during Friday's assembly, the five friendly farmers of the week were revealed to the students.

School spirit was shown everywhere—from decorated crutches to beards! The students were prepared to beat arch-rival Ferguson in football that night. During the half-time activities that night, the farmer float was driven onto the field with Robert Dunn and Jan Minter enacting the defeat of Ferguson.

The action of the fun-filled day was climaxed by the victory over Ferguson, 20-0.

Senior Leaders Honored for Scholarship, Service

Penelope Ann Cherry not only proved herself as a Senior Leader through her academic record, but also by active participation in extra-curricular activities. Penny was in the House of Representatives for four years as a homeroom president. In addition, in her Freshman, Sophomore, Junior, and Senior years, she participated in the Orientation Committee. Various prom committees took up much of her time in her junior year. Also in her junior year she was inducted into the National Honor Society. French Club and Ushers were also among the list of Penny's well-rounded school life. In addition, the senior class chose Penny as the "Most Likely to Succeed" girl which was a very appropriate choice.

Penny found advanced mathematics courses quite enjoyable and decided to make mathematics her career. She was accepted by the College of William and Mary.

If anyone wanted to know something about almost anything, they asked Judith Ann Chaney. Judy never boasted of her intelligence, but it was recognized by the Senior Class when they voted her "Most Intellectual". She was inducted into the National Honor Society in her Junior year.

Being intellectual was not the only reason Judy was chosen as a Senior Leader. She was in GRA in the eighth, ninth, and tenth grades and was awarded a Warwick letter. She was a charter member of Keyettes, during her sophomore and junior years.

During her senior year, much of her time was given to the Annual Staff, Quill and Scroll, Usher Staff, Executive Honor Council, Congress, and Senate. She was co-chairman of "We the Young People" for WGH radio.

Judy received two scholarships from William and Mary where she was accepted on an early decision. She hopes to become a mathematician or biologist.

Ever since Jonathan Earl Shackelford transferred to Warwick in the tenth grade, he had proven himself to be one of Warwick's active leaders. He was also chosen as the "Most Intellectual" personality. An avid member of the action at Warwick High School, Jon earned respect not only for his academic success but also for his involvement in other activities or major importance.

As evidence of his leadership and service, he was co-editor of the *Plough*, secretary of the Science Club, parliamentarian of the Hi-Y, and a debator. He had also been in Congress and worked on various junior and senior committees.

Jon had been inducted into the National Honor Society, Quill and Scroll, and was a candidate for the National Council of English Teachers Award. After graduation, Jon plans to major in Journalism or English at the University of the South.

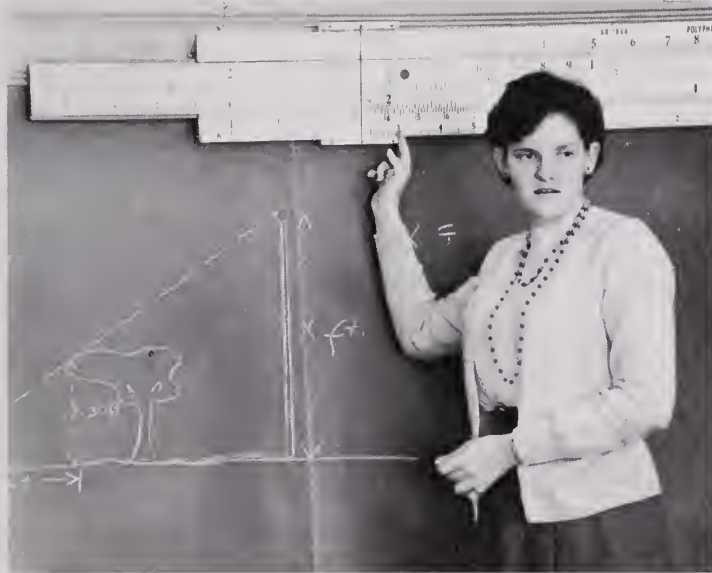

Robert Clarke Dunn will never be forgotten by his classmates or teachers. It is because of his active participation and interest in Warwick High School that Robert earned the title of Senior Leader and was voted "Best All Around" boy of the senior class.

Every since his entering Warwick in the fall of 1962, Robert had been active in the SCA as homeroom president in the eighth, ninth, and tenth grades, SCA vice-president in his junior year, and SCA president in his senior year. In addition, he had participated in various committees such as Orientation, Pep, and Social.

Maintaining a high scholastic record throughout high school, he was inducted into the National Honor Society and was the only Warwick recipient of the National Letter of Commendation. After graduation in June, Robert plans to attend Duke University where he will study Political Journalism.

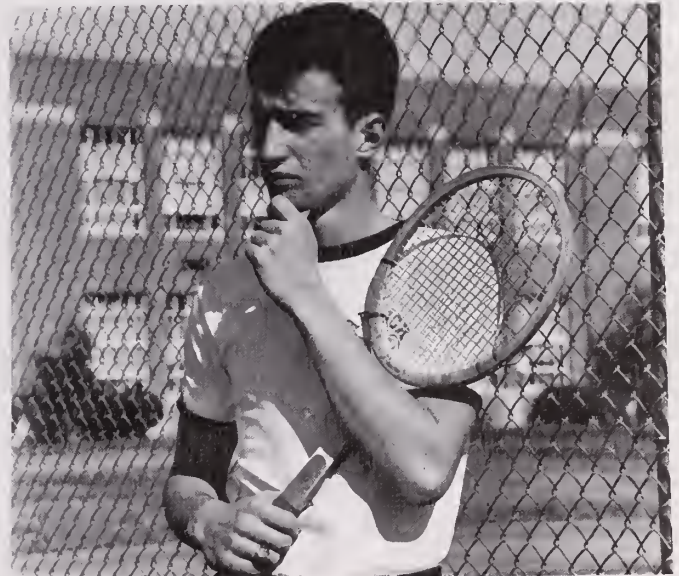

Edith Allen Raine was a quiet and sincere worker throughout her school life at Warwick. Whenever anyone needed help, Ede was willing to lend a hand; and never once did she complain. Working on SCA committees took up much of her time.

She was in the House of Representatives in her junior and senior years. Ede also worked actively on the Executive Honor Council in her freshman, sophomore, and junior years.

In her senior year, Ede worked on the Orientation Committee to familiarize mice with WHS. During both her junior and senior years, she was an usher. Ede was inducted into the National Honor Society in the eleventh grade, and the next year she was elected president.

Ede also worked diligently with the Keyettes and was secretary of this club for two years.

Ede prepared herself for a future career as librarian by working in the public library.

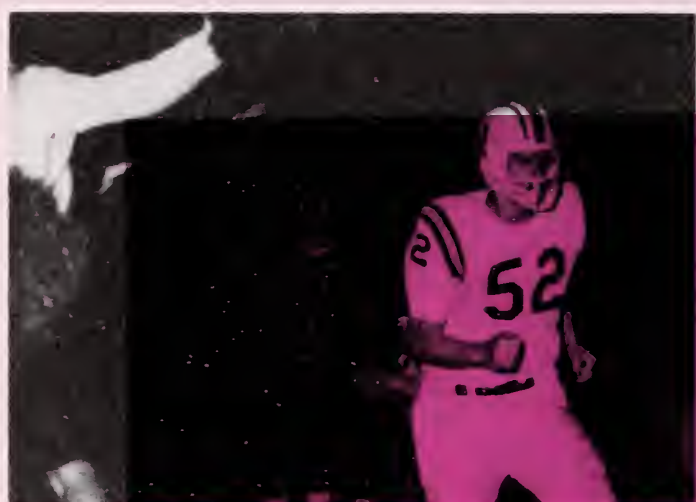

Nabeel Allison Al-Salam voted "Most Likely to Succeed" by his classmates, was picked as an outstanding leader of the Class of '67.

In the ninth grade Nabeel transferred to Warwick from Bagdad College, Bagdad, Iran; and he readily became active in Warwick. Nabeel became involved in school activities. Among his interests was tennis in which he ranked as one of the best in Virginia.

Nabeel, SCA vice-president in his senior year, was a member of the National Honor Society. During his junior year, Nabeel was presented an award for the highest score in the school mathematics test.

As a member of the tennis team for four years, he earned a Varsity Letter and gained membership in the Monogram Club. In addition to his other activities he served as president of the Key Club.

After graduation, Nabeel plans to study at Rensselaer Polytechnic Institute or the University of Virginia for a future in Nuclear Physics.

Sports In Action

The enjoyment of an exciting football game . . . a tense moment as a shot is fired from the charity line . . . the joy as the bat connects with the ball—these were the actions of team efforts that gave Warwick students pride. Baseball, football, basketball, tennis, track, wrestling, and golf induced a tremendous school spirit in each student. Even the girls joined in the action through G.R.A. Although it required skill and dedication to achieve victories, pride was most important; Warwick demanded this pride. It tasted victory and suffered defeat, but spirit was incessant.

Farmers Surge to Victory Despite Many Key Injuries

Injuries! Injuries! Injuries! These were the problems that plagued the Varsity football team throughout the season. The first injury was sustained by first string quarterback David Hickman in a scrimmage game with Woodrow Wilson, preventing him from playing part of the season. Yet with Hickman's injury and those of aces Rob Pelletier, Chuck Pinnell, George Bane, Donnie Griffith, and Claudie Branch, the Varsity team had a successful season.

While the defensive squad carried a heavy load throughout much of the year, Warwick was victorious in its first three ventures. In these games the team romped over Norfolk Catholic, Denbigh, and Kecoughtan in well-fought battles. The tides turned in their fourth bout with Kellam, however, and the fighting Farmers went down 7 to 6. But their spirits were not dampened, for in the next game, Warwick won an easy victory over Matoca. After these victories, the Farmers surged on to meet the Newport News.

20-0 Victory Over Ferguson Puts WHS Second in District

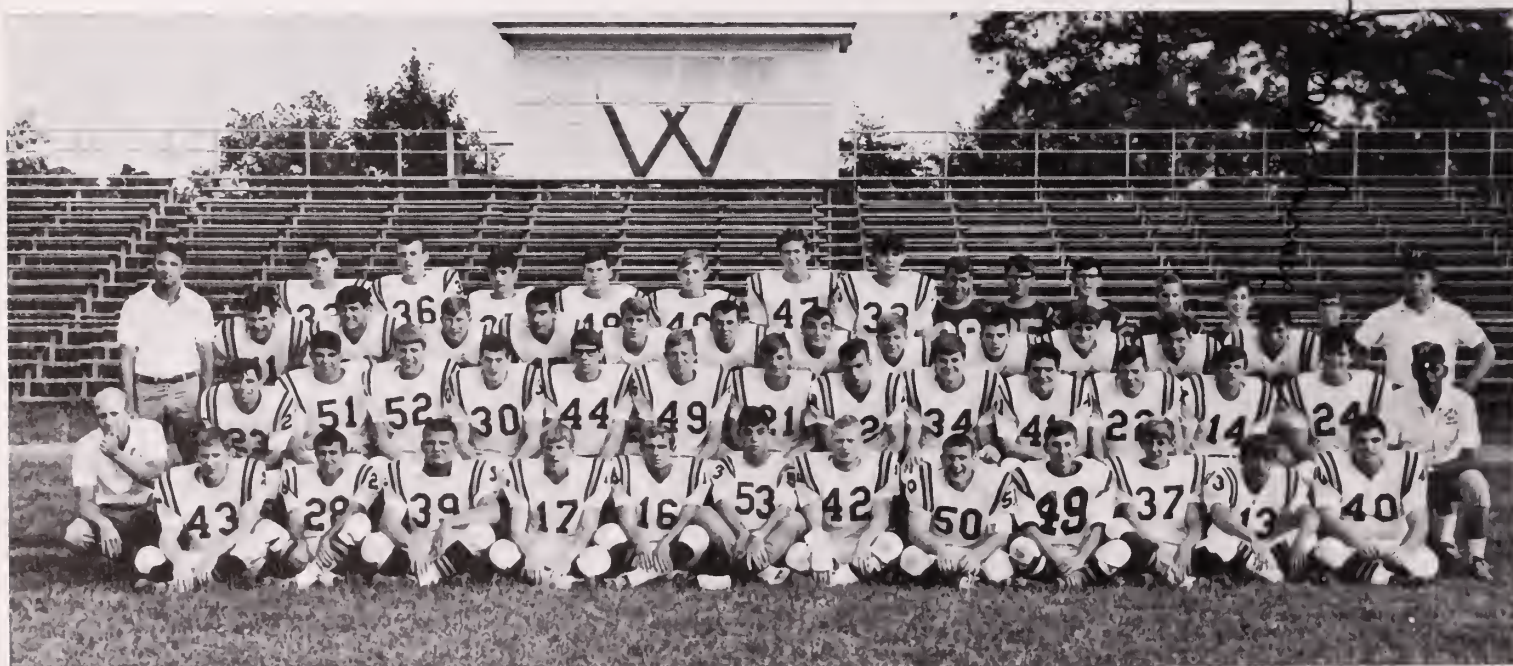

In their fifth game of the season, the Farmers met on the field with rival Newport News. Donnie Griffith, a Warwick senior, picked up a Typhoon fumble on the first play of the game and raced to a touchdown. Warwick's 13-6 victory over Newport News proved the Typhoon defense to be nothing but hot air!

For Warwick's Homecoming, the Farmers challenged the York Falcons on the field; but even with the high spirit the struggling Farmers could only produce a tie score of 14-14. In their next two games, the fighting Farmers tasted the sting of defeat at the hands of Hampton and George Washington of Danville. These games were well-fought and the defensive squad held the opponents' scores to a minimum.

The final game of the season was the traditional Farmer Day Game with arch-rival Ferguson. Throughout the first half, the game remained scoreless; but as soon as the Farmers hit the field after half-time, they scored. The Mariner defense was useless against the rugged Warwick offense, and the Farmers downed them 20-0.

J.V. Football Team Battles Opponents For A Top Rating

Hard-hitting determination high-lighted the Junior Varsity Football Squad this year. The team, anchored by sophomores and freshmen, finished the season with five victories and one loss. This was more than enough to cop the Peninsula District title for the Baby Farmers.

In the opening game with Denbigh, the J.V.'s showed rugged offense and defense that racked the Patriots 6-0. In their second game, the J.V.'s came on strong to sweep to a 19-6 victory over Kecoughtan. York was the next victim of the defensive-minded Farmers, who breezed to an easy 12-0 shut-out. Then, Ferguson fell stubbornly, 7-0, to the excellent offence and keyed-up defense of Warwick's Baby Farmers. The game with Newport News, plagued with mental errors at the wrong time, gave the J.V.'s a 6-0 setback. This set the stage for the title clash with Hampton, but the surging spirit of the J.V. squad was too high for the Crabbers. By white-washing Hampton 22-0, the Baby Farmers won Peninsula District title. This was the second time in the last three years that Coach Hassinger's powerful teams have been tops in the district.

Varsity Cagers Net WHS Victories Despite Handicaps

Coach Wilburn Thompson's cagers began the '66-67 season with high hopes. Unfortunately, they had a problem—lack of players, having only eight for their opening game against Great Bridge. Despite their strength and efforts in playing the Wildcats into an overtime; they lost by only three points. Bob Kretz's consistent scoring highlighted the first half of the season.

With four losses and no wins, the team competed with Ferguson, and upset them with a 60-55 victory. They continued to shine on offense; however, they were still weak on defense. With the increase of players and the recovery of Doug Briggs after a lengthy illness, the team grew in strength. Nicknamed "shadow", Briggs looked forward to the second half of the season, when the motto of the opposing teams became "Beware of Shadow". In the last games of the first half of the season, the Farmers dropped two heartbreakers to Newport News and Kecoughtan, 49-46 and 54-53 respectively. Things were looking up as the second half of the season approached.

Varsity Cagers Place Third In District Competition

The second half of the season started with a bang!—Warwick won three games in a row. Oscar Simth was doomed by "Shadow" in the first game. Briggs scored 22 points in a winning game of 73-47, and continued to be high scorer in the next two games. Bob Kretz consistently scored throughout the season and was chosen All-Peninsula throughout the season and WHS had to face Hampton who was second in state competition—the winning streak was ended.

This, however, did not hinder the high spirited cagers. They came back with a 67-36 win over Denbigh. Gerald Vann boasted 18 points in an exciting match with Kecoughtan with a score of 53-52.

Warwick's season was ended with a 77-64 win over York in which Gerald Vann was high scorer with 23 points.

Unfortunately, Warwick lost to Denbigh, 26-24, in the first game of the Peninsula District Tournament. However, Warwick placed third in the Peninsula District standings only to be outrated by Hampton and Newport News. Good sportsmanship and determination gave Warwick a team of which they could be proud.

Hustle, Determination Spark Eighth, Ninth Basketball

A very successful season was enjoyed by the '66-'67 eighth and ninth grade basketball team. Sporting a fine record of nine wins and five losses, the team displayed poise, good shooting, fair rebounding, and excellent defense throughout the season. Ferguson, Denbigh, York and Newport News proved to be a few of the foes with whom the eighth and ninth graders contended. A particularly exciting and close game was played with James Blair in which the Farmers won by a score of 45-42 in an overtime period.

Coach Rich did an exceptionally good job in directing the eighth and ninth graders to a winning season. The members of the team learned a great deal this year, and put it to use in the games. Fine performances were turned in by the starting five, which included forwards, John Hayes, and Ray Jones, guards Bobby Fairbain and Monnie Laughinghouse, and center Howard Hamilton. David Lassiter, Glen Hudson, Eddie Whitlock, and Billy Rohrer frequently saw action.

All in all, the eighth and ninth grade team proved their ability as they fought their way to a winning season.

JV Basketball Team Proves To be Material for '68 Varsity

Hustle! That was the trademark of this year's Junior Varsity basketball team. This year's record of seven wins and eleven losses was a vast improvement over the previous season.

Coached by Jim Snow, the relatively inexperienced team was constantly faced with taller opponents. After losing sophomore Gerald Vann to the varsity squad in the fourth game, Coach Snow tried many combinations for the starting lineup. Players most extensively used were Joey Ferree, Bob Underwood, Larry Andreoli, Charlie Williams, Randy Jackson, Jim Abicht, Frank Sublett, and John Hatch. Top reserves who frequently came off the bench were Bobby Fairbairn, Monnie Laughinghouse, Craig Nuckles, and Howard Hamilton.

The young cagers showed their skill with two victories over Easter-District power Oscar Smith. Perhaps the most thrilling win was an overtime battle with Denbigh as the Baby Farmers prevailed by a score of 43 to 41.

The team showed great promise for the future since freshmen and eighth graders played important roles in the team's victories; however sophomores looked forward to rising to the varsity squad.

Varsity Tracksters Train, Practice for Spring Meets

While "aces" of the football squad were practicing strenuously for wins over all their competitors, the Indoor Track Team was preparing for a season of pole vaulting, broad jumping, and other various track events which filled their fall schedule. During the season, senior Donald Hall and sophomore Barry White helped make the year very successful by leading in all the WHS events.

When district and state meets arrived, Barry White earned a third place in the Richmond Invitation Meet, a first in the district, and a fifth in the state while Donald Hall received a second and third place award in the district for jumping over twenty feet and for running in the 880 relay. In addition, members of the Relay Team—Richard Mercer, Vincent Fleck, Greg Park, and Donald Hall—Received a second placing in the district for the mile relay.

As spring approached, so did the 1967 Outdoor Track Team, breaking many records which had been set by various high schools around the Peninsula. All the members of the high jump, broad jump, shot-put, dashes, hurdles, and distance teams represented Warwick to the best of their ability.

Practice Toughens Team for Rugged 1966-67 Season

Although Warwick's Varsity Baseball team lost four of last year's starting nine, this year's team was as strong as before. Bolstered by the return of all-peninsula choices Wayne Javins, Donnie Griffith, Hayden Gregg, and Mike Judkins, the Farmers were a solid contender for the district championship.

The team's main strength this year lay in their hitting and pitching abilities. Wayne Javins, last year's peninsula batting champion, Don Griffith, Mike Judkins, Doug Wrenn, and Ray Smith carried the burden of getting runs across home plate. In the pitching department Haden Gregg, who carded a 7-0 record last year, and David Hickman, who carded a 7-1 record, were Coach Jim Snow's "ace" pitchers.

Other players who had a hand in Warwick's plans were last year's hard-hitting JV's and other returning Varsity players: Tony Wood, Doug Wrenn, and Don Mahan. Each boy looked forward to enjoying a good season. With consistent hitting, steady pitching, and fast running, the boys were able to stand up to all opponents with confidence. Everyone in the Peninsula District was well aware of Warwick High School's team, and the student body was indeed proud of the 1967 Varsity Baseball team.

JV Tracksters Exhibit Enthusiasm In Track Events

The 1966-67 Jay Vee track team showed its ability in all the competitive track meets this year. Track, which included both track and field events, required much time and hard work on the part of every member in each day of practice. This year's track team was well represented by many eighth, ninth, and tenth graders in all the major field events. In the weight class, which included the shot put and discus, Glen Creech, Bill Chandley, Mike Walker, James Rider, Ernie Moody, Kenneth Wall, Ronald Haskins, and Ronnie Nicholas worked hard in practice to prepare themselves for competition.

The second class was the jumpers which included Howard Hamilton and Charles Satterfield. Next there was Brad Sharpe, Bill Cogbill, Tom Braziel, Monty Kimball, Monnie Laughinghouse, and David Barry taking care of the hurdles and the dashes.

The distance class was the final class which included the 880, 1 mile, and two mile distance races. In this category, running was managed by Mike Thomason, William Jarvis and Jim Abicht.

The boys worked hard to build their strength in all phases of track which paid off in the end.

JV Baseball Team Works, Achieves Victorious Season

Under the direction and supervision of Coach Ray Chapman, the JV Baseball team grew in determination and ability. Despite the fact that this was Coach Chapman's first year at Warwick, he did an excellent job of working with the JV squad and shaping them into another team of which Warwick could be proud. Long practices of pitching, hitting, and running soon added up to a strong JV team.

The bulk of the team this year was made up of former JV's: Dennis Merritt, David Merritt, Ronnie McKee, Mike Dixon, and Ronald Vick. These boys enjoyed a good season the previous year with nine wins and seven losses. Mr. Leslie Howell, as substituting coach for the '66 team, was responsible for their better-than-average season.

In addition to the returning JV players came the rookies, who in spite of the disadvantage of this being their first year, soon progressed with their more experienced teammates and helped to round out the team. After the first game, all the boys became experienced and got into the "swing" of things.

With the backing of their coach and the Warwick students, the JV's battled one competitor after another; learning more about sportsmanship and baseball skills and preparing for a future varsity team through the experience gained from each new game.

WHS Wrestlers Take Second Place on the Peninsula

This year's Warwick Wrestling team, again under the capable coaching assistance of Mr. Robert Hasinger, was sparked by seniors Claude Branch and Henry Cook. The season, which ended with a 7-7 dual record, was an improvement from the past year's wrestling record.

Competing in the Central District, the team was skillfully placed in a third position and several individuals gained first placings. Members earning these honorable awards included Henry Cook, Dana Meredith, and heavyweight Claude Branch. In addition there were many individual third placings; receiving these honors were Don Swain, Tom Bailey, Larry Horrell, and Dennis Myers, all of which were able to represent the wrestling team in the state meet held at the Norfolk Arena.

Next year with the aid of the present JV wrestlers, the team hopes to improve the standings for this year, which was a second place honor in the district competition. Losing only three wrestlers to graduation—Greg Youens, Henry Cook, and Claude Branch—the nucleus of the team will again return next year.

Return Of Three Veterans Adds To Success of Team

With three experienced players and strong new material, the tennis team this year was very successful. Returning from last year's record-breaking team were Nabeel Al-Salam, George Squires, and Mark Chesson. Joining the old members of the team were Steve Burnette, Eric and Gene Stevens, Tommy Wilkinson, Harvey Lindsay, and Andy Shier. The member from the faculty who undertook the difficult job of training this year's team was Mr. John Tudor, a former member of William and Mary's tennis team.

After the initial training period of running and push-ups was completed, the boys set about refining ground strokes, polishing serves, and sharpening volleys in preparation for their first match. Even though the courts were torn up in April, the group scattered themselves on odd courts to continue their practice which eventually led to various awards.

After playing almost all of the high schools on the peninsula, the tennis team earned a rewarding season. Thus, the 1967 season will live forever in the memory of all who helped to make it so successful.

The skilled members of the tennis are, row 1: Harvey Lindsay, Steve Burnette, Nabeel Al-Salam, Eric Stevens, and George Squires. row 2: Pat Foretich, John Wagner, Tommy Wilkinson, Gene Stevens, Andy Sheir, and David Boykin. row 3: Dennis Galle, Jimmy Jones, Don Privett, Robert Haley, and Mr. Tudor.

Smooth Swings, Cool Putts Provide Many Low Scores

Whether rain or shine one could find the golfers of Warwick High School busily chopping divits in the Newport News Municipal Golf Course. Leaving a trail of pits and trenches behind them, they developed their strength, co-ordination, muscle tone, and skills. Along with practice came the knowledge of little helps like how to give the ball a nudge to assist it out of an inconvenient sand trap, and the like.

With their enthusiastic coach Wilbur Thompson driving them on, the team skirted one lake after another, plodded through the sand traps and bunkers, and down the rough, preparing themselves for upcoming competition.

Despite all the hardships the golf team encountered such as lost balls, lost and broken clubs, and lost players, the team had a great season filled with rewarding experiences and new-found skills.

Warwick offered its sincerest condolences to the green keepers who toiled long hours replacing divits after being plagued by the WHS golfers.

Varsity Cheerleaders Push Pride, Spirit, Determination

No, no, no, it's not like that! Man, you've got co-ordination-plus!"

Well, you really didn't have to be extremely co-ordinated, but you did have to have agility and strong lungs. Warwick's Varsity Cheering squad had these characteristics. These ten girls followed the teams wherever they went and enthusiastically cheered them through both victories and defeats.

Leading the student body in cheers was their main job, but they also had to boost the spirit and morale of the teams.

Cheerleading was not the only fun these girls experienced; they also experienced the act of getting lost. On the way to the Kellam football game, their fearless leader, Mrs. D. Jones decided to take the short cut. They ended up at a football game, but it wasn't the Warwick-Kellam game! They finally arrived at the game thirty minutes late.

People knew that they could find the action if they could find the varsity cheerleaders . . . if they could find the varsity . . . if they only could!

The Varsity Cheerleaders lined up and ready for action are, row 1: Sandi Bryant—Capt, Barbara Hamlett—Co-Capt. row 2: Suzanne Morgan, Kathy Barclay, Carolyn Wall, Donna Burnette, Carol Pond, Diana Moody, Becky Olson, and Trishia Scott.

Peppy Jayvee Cheerleaders Design, Make New Costumes

"We've got a team that's on the beam; that's really hep to the jive . . ."

The Baby Farmers were not the only people on the beam; their cheerleaders were right in there with them. The peppy squad consisted of one eighth grader, seven freshmen, and a tenth grade alternate.

With Farmers in mind, the JV squad traded their maroon vests and white skirts for a gold outfit with a bib in front and criss-crossed straps in back. As an addition to the "Farmer look", a maroon handkerchief was placed in the back pocket. They were proud of these outfits since they had designed them.

Cheering for the first time, the JV's aided the Varsity squad in the first pep rally of the year. Besides cheering at their own games, the little sisters donned their outfits at Varsity football games to sell programs.

The year was filled with memorable experiences; for example, cheering for a champion football team.

GRA Enthusiasts Spark Many After School Activities

Miss "Mac", acting referee, indicates a two-shot foul to the scorer.

This year skill stressed in GRA hockey was the first sport in which the girls participated. During the season Warwick played Ferguson, Hampton, and Newport News. At the close of the season Warwick was host for a tournament which included various area schools. Of the two all-star teams that were selected Donna Jones made the first string Allied Team and Elinor Preston made honorable mention.

After school basketball lasted one week per grade. The grade levels competed with each other during the week and at the end of each week the winning teams competed in an intramural tournament.

Even though gymnastics was not held, a team of eight girls, Phyllis Saunders, Kathy Barclay, Donna Jones, Molly Lilygren, Effie Samos, Pat Kalafut, and Jackie Mathies, practiced on their own for participation in the state gymnastics meet.

Girls stayed after school many days to participate in the volleyball games held after school for any and all interested girls, each grade having a team.

In a furious hockey game with Norfolk Academy, right inner Carol Reeps attempts to steal the ball from a determined opponent.

GRA Inspires Character Sportsmanship and Talent

A track and field meet among the peninsula high schools for upper and lower classmen took place in the spring. Also during the spring, an archery meet for upper classmen and the State Telegraphic Archery meet found Warwick participants high in the standings. This superlative rating had been shown by other girls from Warwick in preceeding years.

At the end of the year the annual GRA picnic was given. Various sports were played, and a skit was presented for the enjoyment of all the members. Sportsmanship awards were presented to those deserving girls chosen by the gym teachers. In addition, a candle lighting ceremony was the highlight of the day. The officers for 1966-67, president—Jean Williams, vice-president—Donna Jones, secretary-treasurer—Susan Stutz, installed the newly elected officers for the coming year. At the end of the day, the sports leaders were announced and installed. The physical education teachers were then presented with gifts from the GRA members to bring another active year in GRA to an end.

Advertisements In Action

There was a definite action of exchange between the Warwick and the businessman—that of advertising.

It was the common medium between the two, and upon which, both were dependent. By the American capitalistic system, the businessman must advertise because he is in competition. The Warwick needed this advertising. In this respect, the Annual Staff was indebted to the establishments that “throw some business its way.” On the other hand, it was a good advertising policy to back scholastic publications.

Advertising was vital and active and demonstrated where the action is.

ELECTRICITY: MUSCLE OF INDUSTRY

Behind the great industrial might of America stands a "giant workman" — electric energy. It would require the muscle energy of **70 men** working **40 hours** a week for **one whole year** to equal 10,000 kilowatt hours of electricity — less than the average annual consumption of two Vepco residential customers. Yes, electricity is the "muscle" behind our power and prosperity.

Bank of Warwick

LOANS FOR LEARNING

In its ever broadening scope of community customer services, Bank of Warwick offers two college loan plans to high school graduates.

The first plan provides up to \$1,000 for each school year with no payment due until nine months after graduation. Interest is figured at a much lower rate than conventional financing.

The second plan provides up to \$1,000 at 6% interest, repayable in low monthly installments while attending college.

Those students of good character, with an earnest desire for a college education, are cordially invited to inquire for further details at any Bank of Warwick office.

GOOD SHIPS START HERE

Fine ships don't roll off a production line. They're built efficiently and well only by men whose skills and knowledge are broad. That's why Newport News begins at the beginning with its own selective Apprentice School.

High School graduates enter on the basis of academic record. But selectivity doesn't stop there. In classroom and shop, in the drafting room and out in the yard, each man's

special abilities are watched and developed.

Some become skilled and versatile machinists. Others become expert electricians or precision tool makers. Many become supervisors. Some earn scholarships for advanced training at colleges and technical schools.

We think the School's a pretty inspiring place, because its end results are good men and good ships.

Typhoons Are the Best! Very Best ! ! ! ! ! **Acknowledgements**

As the editor's of the 1966-67 *Warwick* gave a big smile of accomplishment, they glanced back on the past year of "Action" and appreciated all the understanding teachers and energetic students who have helped make this annual a reality. To the people who are listed below, we give a special and sincere "Thank You".

The editors of "Where The Action Is"—Liz Fife, copy editor; Charlene Roulet, advertising editor; Judy Chaney, business editor; Steve Givens, copy editor; Sharon Daniel, layout editor; Kathy Rayfield, photography

editor; and Janet Spruill, editor-in-chief;—wish to express their appreciation to all those who made this annual possible.

Mr. Danny DeFalco and Mr. Pete Peterson for their aid as representatives from Taylor Publishing Company. Especially to Danny for our "special handling" and his 14 visits.

Mr. Karl Phillips and his son for taking individual pictures.

The faculty for their patience and co-operation, for allowing us to come into their classrooms, and for aiding with department copy.

Our advertisers and patrons for their support. Consolidated Photographic Industries for their prompt co-operation in sale of supplies.

The Guidance and Office Staff for the use of their phones.

Miss Thomas for the use of her typewriters.

Taylor Publishing Company for their hard work and co-operation in the printing of this book.

Mr. Leslie Howell for his hard work, assistance, and advice in the planning of this annual.

The Warwick High School PTA and SCA for their financial donations.

Sue Morgan, Linda Branch, and Bonnie Tilson for their typing assistance.

The students for their co-operation in writing copy.

Skip Pelletier for all his assistance.

The parents of the staff members for their consideration and help.

This Year Is Complete — But the Action Continues . . .

As "Where the Action Is" came to a close, the students and teachers reminisced over the various memories of student life. One could look upon the year and remember his role in the school events . . . orientating the mice . . . a new principal . . . literary achievements . . . pep rallies . . . football, basketball, baseball victories . . . the faculty teas . . . Farmer Day . . . Homecoming . . . College Boards . . . the prom and, of course, graduation.

The active spirit remained within the hearts of all Warwick's students. Most of the 1966-67 underclassmen would again return the following year while the graduating seniors would branch out into various fields of life. Yet, every student would always cherish the memories gained at Warwick. These well-rounded memories included spirited and friendly relationships with teachers and students, and exhilarating special events.

Action was the key word for success. Warwick was characterized by action, effort, and genuine school spirit. Every Warwick student contributed his share to bring this action-packed year to a close.

right: Whenever there is a lull in the action at Warwick, preparation for further activity begins.
